#### A PATRIOTIC WISH.

I'd like to be the sort of man the flag could boast about;  
I'd like to be the sort of man it cannot live without;  
I'd like to be the type of man that really is American;  
The head erect and shoulders square, Clean-minded fellow, just and fair,  
That all men picture when they see The glorious banner of the free.  
I'd like to be the sort of man the flag now typifies,  
The kind of man we really want the flag to symbolize;  
The loyal brother to a trust,  
The big, unselfish soul and just,  
The friend of every man oppressed,  
The strong support of all that's best,  
The sturdy chap the banner's meant,  
Where'er it flies, to represent.  
I'd like to be the sort of man the flag's supposed to mean,  
The man that all in fancy see wherever it is seen,  
The chap that's ready for a fight  
Wherever there's a wrong to right,  
The friend in every time of need,  
The doer of the daring deed,  
The clean and generous-handed man  
That is a real American.

Patriotic week is getting much recognition in Muhlenberg.

It has been fall since 9 o'clock last Sunday morning.

Large stock of mirrors at Roark's. Small prices.

Affairs have been very quiet in police court for some weeks.

Join the Red Cross. Enlist under the Red Banner of Mercy.

Good morning! Bought your Victrola yet? Do so from Roark, on your own terms.

Roark has a full supply of Victor tongs-tone needles. Use no other, and save your records.

Mr. A. E. McCracken is taking a vacation from the rural carrier service, and is in his shop this week.

Next call for soldiers is made for Oct. 3, when 20 per cent. of our quota will be taken.

Mr. and Mrs. Thos. Summers were here Sunday with relatives, motoring in from Graham.

Prof. and Mrs. Gordie Young have a fine girl, their first-born, who came to their home last Thursday.

Let Roark show you some rare wallpaper bargains.

Next Wednesday will again be soldier day here, and a rousing welcome will be given our boys.

Typewriter ribbons, paper, supplies at this office.

Be a war backer, not a slacker.

There is still a supply of new corn on the market.

Fall and winter millinery is now appearing.

Have you joined the Red Cross? Get busy, as your help and influence are sorely needed.

Free admission and a great show, so come to our Agriculture Fair on Oct. 19 and 20.

Furnished room for rent. Apply to Mrs. A. M. Bohannon.

Candidates are becoming very active, and some close campaigning will be done from now until election.

Wonder crops have been raised, but more are needed by a warring world.

The prizes will be a small part of the attraction at our Agricultural Fair next month.

You are in to win if you get a Victrola. Let Roark tell and show you how and why.

October 19 and 20 are Agriculture Fair days here, and everyone in the county should plan now to attend.

Mr. E. Rice is able to be out, after being confined for several days to his home by illness.

Next Wednesday there will be 20 per cent. more of the drafted men taken to Camp Zachary Taylor, from this county.

There is much green corn, but it is likely we shall have a late frost, and there is small fear of any damage.

Our Red Cross chapter is one of the most active in this section, and work along all lines is being done by men, women and children.

Friday and Saturday, October 19 and 20, will be big days in Muhlenberg, as these will be the dates of our Agricultural Fair.

There is no discount or rebate to anyone in the price of any Victrola; and there is no discount on the supreme quality, either. Let Roark, county distributor, show you.

Monday was county court day, and there was a fair crowd in town, but farmers are too busy to make a record breaking crowd.

The Victor Talking Machine Co. does more than 40 per cent. of all the business in that line. "There's a reason." Let Roark show it to you.

Muhlenberg should observe Good Road day by turning out en masse and working the highways in every section of the county.

Canning operations are still very strong, and should be pushed to the limit, as everyone is now realizing that food prices are going to be even higher.

Buy a Victrola from Roark on terms as easy as you want to make them.

### Our Soldier Boys Want a Victrola.

Muhlenberg soldier boys at Camp Zachary Taylor, Louisville, are writing home that they are having a fine time, are splendidly located and cared for, but there is one thing which they need and want. Practically every outfit there has a Victrola, and they want one. They have appealed to the newspapers of the county to start a campaign for funds for providing this, and of course have the hearty support of the press. The machine and records will belong to the public, and will be kept at the camp for all future boys who go there, and in the end returned here for use in some public place. The Record has received the following cash subscriptions, and asks a quick and liberal response from people all over the county, as it is desired that we get the instrument to camp as soon as possible.

The American Red Cross is the only volunteer society, authorized by the government to aid our land and naval forces in time of war.

Mr. and Mrs. W. C. Jonson and children motored to the home of Mr. Alex. Ayer, in McLean county, last Sunday, where dinner was served to more than a hundred relatives who gathered in honor of the birthday of Miss Oma Jonson.

Buy Victor products at old prices from Roark. Other concerns are boosting machines and records from 10 to 25 per cent. but there is no announced raise on Victor goods.

Dr. Bulla of Nashville, member of the M. E. Church, South, Sunday school board, was here last Sunday, and delivered a noteworthy sermon at the Methodist church at 11 o'clock service. He was entertained while here by Mr. and Mrs. J. T. Reynolds.

The American Red Cross main tains a Bureau of Casualties, whose function is to notify friends and relatives of casualties among the forces abroad and to act as a medium of communication for Americans held prisoners.

We need the soldiers, and our soldiers need some items, and as they are on the job, we should rush to their aid. Muhlenberg citizens now have an opportunity to supply the boys with the needed things, and they must not fail—and they will not.

Hear the Orpheus Quartette sing "Carry Me Back to Old Virginia," one of the best Victor records issued in some time.

Teachers and pupils of our high school have contracted for a four-number lyceum course, all high grade attractions, and the first number will be given at school auditorium Thursday night, Oct. 4. Tickets for season are only \$1, and everyone should secure them at once.

#### Ford Car for Sale.

Another absolutely new 1917 5 passenger Ford Car. The only new Ford ready for immediate delivery in western Kentucky. If interested write or call phone 24 2. Price \$450. T. A. Isaacs

Hear Army Bugle Calls and scores of other great military numbers on Victor records at Roark's.

The Red Cross button is a badge of honor, and should be worn worthily by everyone.

Any quick service counts extra, but the movement to give our soldier boys a Victrola for their quarters at Camp Zachary Taylor should be done on the double-quick.

### J. A. Gilman Ordered in Service.

Mr. J. A. Gilman, who volunteered many months ago, passed a highly creditable examination and was commissioned a captain in the engineer corps, was called to service last week, being ordered to report to Ft. Leavenworth, Kansas, and will leave tomorrow, as he is due there on the first of the month. Our people regret that Mr. Gilman should leave, but realize he will prove a valuable aid in our national need.

#### Leg Broken in Mine.

Mr. Ed Howerton is suffering from a broken leg, the injury being inflicted in the Luzerne mine of the W. G. Duhan Coal Co. last Saturday night. A car had been left on the main track in the mine, and another on which Mr. Howerton was riding ran into it, his right leg being caught between the cars, both bones broken and the flesh badly lacerated. His condition is very favorable, and it is thought he will quickly recover.

One of the vital points of advantage in the Victrola is that it requires less than half the weight to hold the needle in the groove than in any other machine. This accounts for the absence of surface noise in the Victrola. There are many other exclusive, superior advantages, which Roark will be glad to demonstrate and explain.

Show your appreciation of the men who are going to do your fighting.

## How Mandolin Tail Pieces Make Pianos Less Costly

THE packers prove by actual figures that sandpaper and soap and other inedible products reduce the cost of beefsteak. Armour states that a steer for which he pays \$76.10 is sold, as far as meat is concerned, for \$67.90, or \$8.20 less than cost. Utilization of by-products furnishes the explanation.

Lyon & Healy make or sell everything known in music; therefore, overhead expense, the fixed cost of doing business, is divided among thousands of items.

General salaries, for instance, are not charged against the Piano Department, but against all the various divisions of the house. Lyon & Healy Pianos have to pay only a trifle towards items of this kind compared with the charge, which must be borne by other pianos.

Let us look for a moment in the Lyon & Healy factory. While this enormous building and plant is devoted in a large part to piano making, there is no corner of it which is not used.

Here is a wing of the building devoted to making the Lyon & Healy Harp, which is the standard of the world—and sold all over the globe. Another section is occupied by Brass Instrument makers. Still another division is working on Piano Makers' Tools.

Nearby is a department filled

with Mandolin makers. And in an adjoining space there are thousands of Piano Benches in course of construction.

The Lyon & Healy Piano, which retails for \$....., and the Lyon & Healy-made Washburn Piano, which retails for \$....., have attained such widespread popularity that they are in a class by themselves.

These instruments could not be offered to the public at these figures were it not for the Lyon & Healy organization.

They are the product of not only the finest daylight factory in America, but also of an all-round organization which leads in many different lines of musical merchandise.

Sales of Talking Machines running into large figures, wholesale and retail; sales of sheet music, wholesale and retail, unrivaled in the United States; sales of fine Violins; sales of everything known in music; all reduce the cost of Lyon & Healy Pianos.

Music lovers are invited to avail themselves of this indubitable advantage.

## Every Pig Will Mean \$50

When the 12c hog was predicted, many were skeptical.

When the 15c hog was predicted they were still more skeptical.

Now that they have seen the 15c hog a reality, they do not laugh when some enthusiastic hog man talks about 20c hogs. Instead they shiver in their boots and wonder where the money is coming from to buy the material that will make that delicious sugar-cured ham, and appetizing breakfast bacon.

They holler and yell about the high cost of living and agitate government control of food prices, call the farmer a crook and horsethief—then hustle over to the nearest garage and pay a

twenty per cent advanced price for an automobile—fill it up with John D.'s Elixir of Life at twenty-five or thirty cents a gallon—strap on a couple of spare tires at \$50 each that could be bought last year for half the money, and never bat an eye, and for supper they will cut themselves down to one pork chop.

Now don't let them scare you. The law of supply and demand always has regulated the price of commodities and always will.

The whole situation in a nutshell is—the supply of hogs is a minus quantity, and they are going to get higher and higher in price.

Every well-grown pig late this fall, or along in the winter, will net his owner \$50 right over the scales.
